PROFESSIONAL EXPERIENCE

Full-Stack Developer

AJAX27 DESIGN AND DEVELOPMENT

2013 to 2018

I am a Freelance Web and Application Developer who designs and develops websites and apps from a Landing Page Startup to E-Commerce applications using the latest Javascript technologies including Nodejs, Reactjs, Express and PHP/Laravel. For the last several months I have become comfortable building Single Page Applications with Node and React.

Steel Erector

SEF EMPLOYED

1999 to 2011

Putting together the steel structures for small and large constructions.

Soldier

BRITISH ARMY MOD

1979 to 1998

I joined the Junior Leaders Regiment Royal Engineers at sixteen being trained mainly as a Combat Engineer but had many other roles. I was in charge of about thirty men. After leaving the Army 5 years later I continued as a Security Consultant being employed by several governments and companies.
