EXPERIENCE

Freelance Full Stack Developer

Ajax27 Design and Development

📅 06/2019 - Ongoing 📍 Slough UK

I design and develop websites and applications using the latest technologies including PHP/Laravel, JavaScript/Node/React and Angular8.

- I am building an E-Commerce platform for a E-Liquid company including an extensive MySQL database design.
- I am a self taught programmer and have built a wide range of websites and applications, you can follow my link to my website above to check out my latest projects.

British Army

Royal Engineers Regiment

📅 1979 - 2011 📍 Global

Deliver Security

- I joined the British army at 16 and went on to serve in several countries to help deliver security and build infrastructure.
- After leaving the army I went on to work for several governments and agencies in the same capacity.

EDUCATION

Easthampstead Park

Comprehensive School

📅 1971 - 1979 📍 Bracknell UK

- I have to admit I did not enjoy school but did manage to get GCSEs in Mathematics, English, History, Geography and Chemistry.
